LEGENDA

The architectural floor plan of the 'Kloster der Heiligen Elisabeth' in Hildesheim is a detailed drawing of a large, rectangular church building. The plan is oriented with the main entrance (portal) on the left side. The interior is divided into several distinct areas, including a large nave, a choir, and various chapels and side rooms. Key features include:

- Portal (left):** The main entrance area, featuring a large archway and a smaller side entrance.
- Nave:** The central area of the church, characterized by a series of arches and a large central space.
- Choir:** The area at the right end of the church, featuring a large, ornate structure with a central altar.
- Chapels and Side Rooms:** Numerous smaller rooms and chapels are located along the sides of the nave and choir, each with its own entrance and internal structure.
- Structural Details:** The plan shows the layout of the walls, arches, and columns, as well as the placement of various fixtures and furniture.

The drawing is a technical architectural representation, using lines and text to convey the spatial organization and structural details of the building.
